PUBLIC NOTICE OF APPLICATION
OF THE COUNCIL OF THE CORPORATION
OF THE CITY OF HAMILTON
FOR APPROVAL OF A BY-LAW

TO CHANGE THE NAMES OF HORNING MOUNTAIN ROAD, ELIZABETH COURT AND CERTAIN OTHER HIGHWAYS

TAKE NOTICE, pursuant to the provisions of paragraph 98 of subsection 1 of section 388 of The Municipal Act (R.S.O. 1950, Chapter 243), that Wm. F. Schwenger, Esquire, Judge of the County Court of the County of Wentworth, has appointed Tuesday the Fourth day of February, 1958, at Ten o'clock in the forenoon, at his Chambers in the New Federal Building at Number 150 Main Street West in the City of Hamilton in the County of Wentworth, for considering the above-mentioned By-law and for hearing those advocating or opposing the changes of names of any highways or parts of highways as set forth in the said By-law,—which said By-law reads as follows:

BY-LAW No. ...

To Change the Names of Horning Mountain Road, Elizabeth Court and Certain Other Highways.

The Council of The Corporation of the City of Hamilton enacts as follows:

1. The names of the following highways and parts of highways shall be changed as follows, namely:

- (1) To "Lower Horning Road", that part of the Horning Mountain Road below the brow of the escarpment,

—as the upper part of this road is known as Horning Road and the inclusion of the word "Mountain" is confusing;

- (2) To "Wayland Court", Elizabeth Court,

—as there is already an Elizabeth Street in another part of the City;

- (3) To "Ravenscliff Avenue", West Crescent and East Crescent at the head of Ravenscliffe Avenue,

—as it is unnecessary to have three street names for one street;

- (4) To "Miles Court", Beulah Court,
—as Beulah Court is one block east of Beulah Avenue and the two do not intersect;
- (5) To "Pleasant Avenue", Mount Pleasant Avenue,
—as this will eliminate one more street with the word "mount" in it, which has led to confusion;
- (6) To "West 30th Street", that portion of West 30th Street and of Paradise Road which are on the escarpment,
—as Paradise Road below the escarpment does not extend to the base of the escarpment, but ends at Main Street;
- (7) To "Upper James Street", that portion of James Street South which is on the escarpment,
—as that part of James Street South which is below the escarpment will then be distinguished from that part which is above;
- (8) To "Upper Wellington Street", that portion of Wellington Street South which is on the escarpment,
—as that part of Wellington Street South which is below the escarpment will then be distinguished from that part which is above;
- (9) To "Upper Wentworth Street", that portion of Wentworth Street South which is on the escarpment,
—as that part of Wentworth Street South which is below will be distinguished from that part which is above;
- (10) To "Upper Sherman Avenue", that portion of Sherman Avenue South which is on the escarpment,
—as that part of Sherman Avenue South which is below will then be distinguished from that part which is above;
- (11) To "Upper Gage Avenue", that portion of Gage Avenue South which is on the escarpment,
—as that part of Gage Avenue South which is below will be distinguished from that part which is above;
- (12) To "Upper Ottawa Street" that portion of Ottawa Street South which is on the escarpment,
—as that part of Ottawa Street South which is below will be distinguished from that which is above;
- (13) To "Upper Kenilworth Avenue", that portion of Kenilworth Avenue South which is on the escarpment,
—as that part of Kenilworth Avenue South which is below will be distinguished from that part which is above;
- (14) To "Allenby Avenue", that part of Lumsden Avenue which is south of Fennel Avenue,
—as it is unconnected with the other part of Lumsden Avenue;
- (15) To "David Avenue" those parts of East 11th Street which are south of Fennel Avenue East,
—as it is unconnected with the part which is north of Fennel Avenue East;
- (16) To "Alderson Avenue", Sheridan Avenue in Girard Survey,
—as there are other names of highways in the City containing the word "Sheridan";
- (17) To "Kingslea Drive", Dellwood Avenue in Huntingdon Park Survey,
—as Dellwood Avenue is likely to be confused with Dalewood Avenue which is in another part of the City;
- (18) To "St. Joseph's Drive", Mountain Boulevard in its entirety from James Street South to Ottawa Street South,
—as this change will eliminate another street containing the word "mountain", which has led to confusion;
- (19) To "Afton Avenue", that part of Central Avenue between Norway Avenue and the Toronto, Hamilton & Buffalo Railway Spur line,
—as this portion of the said highway is unconnected with the other portion;
- (20) To "Parliament Avenue", that part of Cumberland Avenue extending from King Street East, westerly to Gage Park,
—as the said portion of highway is not connected with that part of Cumberland Avenue which extends westerly from Gage Park;
- (21) To "Keswick Court", that part of Tuxedo Avenue extending from King Street East, southerly to Lawrence Road,
—as the said portion of highway is unconnected with the other part;
- (22) To "Monterey Avenue", that part of Cumberland Avenue which extends from Part Row to Bell Avenue,
—as the said portion of highway is unconnected with the other parts;
- (23) To "Auburn Avenue", that part of Fairfield Avenue which is south of Central Avenue,
—as the said portion of highway is unconnected with the other part;
- (24) To "Berry Avenue", that part of Paling Avenue which extends from Queenston Road to Central Avenue,
—as the said portion of highway is unconnected with the other part;
- (25) To "Walter Avenue", that part of Walter Road which is south of Queenston Road,
—as it is an extension of Walter Avenue;
- (26) To "Lucerne Avenue", that part of Cumberland Avenue extending from Cochrane Road to Red Hill Creek,
—as it is unconnected with other parts of Cumberland Avenue;
- (27) To "Galway Road", that part of Glassco Avenue which is north of King Street,
—as it is unconnected with the other part of Glassco Avenue;

- (28) To "Sylvia Avenue", Sinclair Court,
—as it is an extension of Sylvia Avenue;
- (29) To "Taylor Avenue", that part of Delena Avenue which is between Central Avenue and Cumberland Avenue,
—as it is unconnected with the other part of Delena Avenue;
- (30) To "Aintree Court", Edward Court,
—as there is already an Edward Street;
- (31) To "Garden Road", that part of Walter Avenue which is between Glendee Road and Lawrence Road,
—as this part is unconnected with the other part;
- (32) To "Arlington Road", Craigroyston Road between Glenlee Road and Lawrence Road,
—as this part is unconnected with the other part;
- (33) To "Dorchester Avenue", Kenilworth Drive in its entirety,
—as there is no direct connection between Kenilworth Avenue and Kenilworth Drive;
- (34) To "Lampton Place", Thorresdale Place,
—as otherwise it is confused with Thorndale Avenue;
- (35) To "Huntinton Avenue", Fenwood Avenue,
—as otherwise it is confused with Fernwood Avenue;
- (36) To "Nash Road", Nash Side Road,
—as it is no longer a side road;
- (37) To "Heather Road", Orchard Road,
—as otherwise it is confused with Orchard Hill;
- (38) To "Bromley Road", Delevan Court,
—as the easterly half of this street is already called Bromley Road;
- (39) To "Margate Avenue", that part of Brucedale Avenue between Mountain Brow Boulevard and Edgewood Avenue in Sherwood Heights Number 4 Survey,
—as it is unconnected with the other part of Brucedale Avenue East.

2. The City Engineer is hereby authorized and directed to affix markers bearing the new names as hereinbefore provided at the corners of the said Highways and parts of Highways, on public or private property.

3. A copy of this By-law certified under the hand of the City Clerk and the Seal of the Corporation shall be registered in the Registry Office for the Registry Division of Wentworth within seven days after the

47. When a hospital provides an insured person with private or semi-private accommodation because the patient is an emergency or isolation case or his condition requires such accommodation and such private or semi-private accommodation was not requested by or on behalf of the patient, the hospital's charge to the patient shall not exceed a charge based upon the per diem cost of insured services established for that hospital.

PART 1

PUBLIC AND SEPARATE SCHOOLS

APPLICATION

6. This part applies to general legislative grants in respect to public and separate schools.

INTERPRETATION

7.(1) In regulations 10 and 13 "recognized cost" means

- (a) the portion approved by the Minister for grant purposes of the payment, or of the amount set aside for payment, by a board from its current funds, or on its behalf by a municipal council, in the current year on principal and interest due in that year on debentures issued and capital loans obtained on or after the 1st of January, 1951,

- (b) the portion approved by the Minister for grant purposes of the payment, or of the amount set aside for payment, by a board from its current funds, or on its behalf by a municipal council, in the preceding year on principal and interest due in that year on debentures issued and capital loans obtained before the 1st of January, 1951,

- (c) the disbursement in respect of tuition fees to another board by a board from its current funds, or on its behalf by another board, in the preceding year,

- (d) the portion of the cost approved by the Minister for grant purposes in respect of disbursements made by a board from its current funds in the preceding year, except as set forth under regulation 13, for

- (i) transportation of pupils to and from school where their parents or guardians do not contribute directly to the cost of the transportation,

- (ii) structural alterations, new foundations, new basements, new stairways, new roofs, new floors, fire-escapes, fire-doors, new heating-equipment, new lighting, new sanitary-conveniences of a modern type, new water-facilities, new fences, new blackboards, new desks, new pianos, and new film-projectors, except where the school under the jurisdiction of the board is in an urban municipality having a population of 2,500 or more or is in a rural municipality having a population of 25,000 or more,

- (iii) capital outlays for new schools, for additions to schools, and for new class-rooms, and

- (iv) capital outlays for school buses for the transportation of pupils, and

(e) the total disbursements made by a board from its current funds in the preceding year, except as set forth under regulation 13, for

- (i) instructional salaries not exceeding \$115 for each pupil of average daily attendance as determined under sub-regulations 1 and 2 of regulation 8 and under regulation 9, except where the board qualifies for a grant under sub-regulation 1 of regulation 10,
- (ii) fuel and electricity where the board qualifies for a grant under subregulation 5 of regulation 10 and the assessment per classroom unit is less than \$20,000,
- (iii) restoration of insured school-property destroyed or damaged, but not exceeding an amount equal to the insurance proceeds received in respect thereof, and
- (iv) the fee for membership in the Ontario School Trustees' Council and the fee paid for membership in one member association of the Ontario School Trustees' Council,

(3) In this Part

(a) "assessment" means

- (i) the assessment of all property, including any business assessment, rateable for public-school purposes in the public-school section or for separate-school purposes in the area prescribed under section 57 of *The Separate Schools Act*, as the case may be, as shown on the assessment roll on which taxes were levied for the preceding year, adjusted by the provincial equalizing factor, and
- (ii) where moneys are received by the board under section 33 of *The Assessment Act* or clause b of regulation 4 of Ontario Regulations 197/52, the assessment as set forth in sub-clause i, together with an amount equivalent to that which, if levied upon at the rate of real-property taxation on the rate-payers of the school section or separate-school organization for school purposes, would result in taxes equal to the moneys so received by the board, adjusted by the provincial equalizing factor,

but where the assessment per class-room to be used for a board in the calculation of the grant under these regulations is more than 160 per cent of the assessment per class-room used for that board in the preceding year, the assessment per class-room of that board means 160 per cent of the latter assessment, and where there is no assessment for school purposes, the assessment per class-room shall be deemed to be \$160,000;

(b) "class-room unit" means

- (i) for the board of a larger unit of administration, the number of open class-rooms on the first school-day of the current year, together with one-half of a class-room, for each of the former school-sections or separate-school areas in which the board is not operating a school and which are included in the larger unit,
- (ii) for a board all of whose pupils are attending a school operated by another board, the quotient, adjusted to the next largest whole number, obtained by dividing the number of those pupils enrolled on the first school-day of the current year by 39,
- (iii) for a board operating a school and having more than 20 pupils enrolled on the first school-day in the current year at a school operated by another board, the number of open class-rooms on the first school-day of the current year added to the quotient, adjusted to the next largest whole number, obtained by dividing the number of those pupils by 39, and
- (iv) for other boards, the number of open class-rooms on the first school-day of the current year;

(c) "cost of operating" means

- (i) the total of the disbursements for the normal operation of the board for school purposes, exclusive of payments in respect of principal, interest, and other charges on debentures issued and capital loans obtained on or after the 1st of January, 1951, paid out of current funds by a board or on its behalf during the preceding year, and
- (ii) payments by a board or on its behalf in respect of principal, interest, and other charges due in the current year on debentures issued and capital loans obtained on or after the 1st of January, 1951;
- (d) "larger unit of administration" means a consolidated-school section, a township school area, an area under a township board, an improvement district, or a union of separate-school areas;
- (e) "open class-room" means a class-room used throughout each school-day by pupils in the charge of a teacher; and
- (f) "population" means the population of the municipality as shown on the assessment roll on which taxes for the preceding year were levied, less the number of inmates of public institutions.

(2) The average daily attendance shall be not less than the figure computed by multiplying the number of open class-rooms by 30, but the number of open-class-rooms for this purpose shall be

- (a) the number of open class-rooms as set forth under clauses a and b of subregulation 3, or
- (b) the number of open class-rooms actually in operation on the first school-day of the current year,

whichever is the lesser.

(3) The number of open class-rooms shall not exceed

- (a) where the average daily attendance for a board in an urban municipality or in a rural school is fewer than 300, the number obtained by dividing the average daily attendance by 33 and allowing an additional room for any remaining fraction, or
- (b) where the average daily attendance for a board in an urban municipality or in a rural school is 300 or more, the number obtained by dividing the average daily attendance by 30 and making no allowance for any remaining fraction.

(4) For the purposes of determining the grant in respect of average daily attendance provided in regulation 10, "average daily attendance" for a board means average daily attendance of pupils for the previous year together with any additional average daily attendance to which the board is entitled under regulation 9.

9.(1) Where a board operates one or more auxiliary classes or units, the average daily attendance, as determined under regulation 8, shall be increased by adding thereto

- (a) 20 for each braille class for the blind, hard-of-hearing class, hospital class, oral class for the deaf, orthopaedic class, sight-saving class, and each full-time home-instruction teacher,
- (b) 8 for each handicraft class, opportunity class, lip-reading class, and each full-time speech-correction teacher,

(f) $\frac{1}{2}$ for each sight-saving unit,

but

- (h) the increase in average daily attendance under clause g shall not exceed $\frac{1}{2}$ per school, and
- (i) the increase in average daily attendance under clause e or f or g shall not exceed 30.

(2) Where a board operates one or more industrial-arts or home-economics class-rooms, the average daily attendance, as determined under regulation 8, shall be increased for each of those class-rooms by the number set forth in Column 2 in accordance with the average daily attendance of all pupils attending the school in the preceding year set opposite thereto in Column 1 as follows:

COLUMN 1	COLUMN 2

Under 50	1
50 but under 100	2
100 but under 200	3
200 but under 300	4
300 or more	5

(3) Where the pupils of 2 or more schools operated by a board receive instruction in industrial arts or home economics in one school operated by that board, the average daily attendance of those schools shall be added together for the purposes of subregulation 2.

(4) Where a class-room or unit was in operation for only one term in the preceding year, the average daily attendance shall be increased by one-half of the number calculated under subregulations 1 and 2, respectively.

NEW BOARDS AND BOARDS COMMENCING OPERATION OF A SCHOOL

13.(1) In the year in which a new board is established, other than a board assuming jurisdiction for school purposes of an area previously administered by another board, and in each year thereafter until the year following that in which the newly-formed board has operated a school for a year, the average daily attendance and recognized cost of the current year shall be used for the purposes of this Part.

(2) In the year in which a board commences operation of a school, and the board or any former board incorporated therein has not previously operated a school, and in each year thereafter until the year following that in which the board has operated the school for a year, the average daily attendance and recognized cost of the current year shall be used for the purposes of this Part.

(3) The portion approved by the Minister for grant purposes of a disbursement for

(a) capital charges,

(b) capital outlays from current funds,

(c) tuition fees paid to another board, or

(d) transportation

shall be included in recognized cost but not for more than one year.

MILK

14. The board of a public or separate school shall be paid a grant equal to 50 per cent of the amount expended in the preceding year for the purchase of milk for consumption by its pupils on school days between 8.45 a.m. and 4.00 p.m., and supplied to them free of charge, less that portion of any amount contributed for the purchase of milk from any source which is in excess of 50 per cent of the amount so expended.

BOARDS APPOINTED UNDER SECTION 66 OF THE PUBLIC SCHOOLS ACT

15.(1) Where a rural school-section is designated and a board appointed under subsection 1 of section 66 of *The Public Schools Act*, "recognized cost" means the total amount of money paid out of current revenue during the preceding year for the operation of the school or schools under the jurisdiction of the board, inclusive of tuition fees paid to any other board but exclusive of capital expenditures and expenditures for text-books, books of reference, milk, and rent, and less tuition fees received from any other board.

(2) The board so appointed shall be paid a grant of 50 per cent of the recognized cost as defined in subregulation 1, but where the board operates a school in a sanatorium, a hospital, or a centre for the treatment of cerebral palsy established under section 66 of *The Public Schools Act*, the grant shall be 80 per cent of the instructional salaries, 50 per cent of the tuition fees, and 50 per cent of the recognized cost for transportation as defined in sub-clause i of clause d of subregulation 1 of regulation 7, of pupils going to other schools, as paid in each case in the preceding year.

(3) Notwithstanding subregulations 1 and 2, where Canada reimburses Ontario for a portion of the disbursements for the training of disabled or handicapped persons made to a board so appointed, no grant shall be paid under these regulations.

LIMITATION OF GRANTS

16.(1) Except in the case of the board of a larger unit of administration, the grants under this Part shall not exceed the amount by which the cost of operating exceeds the township grant payable under section 91 or 115 of *The Public Schools Act*.

(2) The total of the grants to a board under this Part and under Parts 4, 5, 6, and 7 shall not exceed in any year

- (a) 90 per cent of the cost of operating where the assessment per class-room unit is \$20,000 or more, or
- (b) 95 per cent of the cost of operating where the assessment per class-room unit is less than \$20,000.

PART 2

HIGH SCHOOLS, CONTINUATION SCHOOLS, AND VOCATIONAL SCHOOLS

APPLICATION

17. This Part applies to general legislative grants in respect of high schools, continuation schools, and vocational schools.

INTERPRETATION

18.(1) In this Part "recognized cost" means for high schools and continuation schools, but subject to subregulation 6,

- (a) the portion approved by the Minister for grant purposes of the payment, or of the amount set aside for payment, by a board from its current funds, or on its behalf by a municipal council, in the current year on principal and interest due in that year on debentures issued and capital loans obtained on or after the 1st of January, 1945,
- (b) the portion approved by the Minister for grant purposes of the payment, or of the amount set aside for payment, by a board from its current funds, or on its behalf by a municipal council, in the preceding year on principal and interest due in that year on debentures issued and capital loans obtained before the 1st of January, 1945,
- (c) the disbursement from current funds made by a board, or on its behalf by another board, during the preceding year in respect of tuition fees to another board for pupils attending a high, continuation, or vocational school operated by that board and, where subregulation 1 of regulation 24 is applicable, tuition fees with respect to the year preceding the transfer which are owed to the board of any former district transferred to a new district by any other board transferred to that district,
- (d) the portion of the cost approved by the Minister for grant purposes in respect of disbursements made by a board from its current funds in the preceding year, except as set forth under regulation 25, for
 - (i) transportation of pupils to and from school where their parents or guardians do not contribute directly to the cost of the transportation,
 - (ii) capital outlays for new buildings, for additions to buildings, and for equipment for new class-rooms,
 - (iii) capital outlays for school buses for the transportation of pupils, and
 - (iv) capital outlays from current funds for new heating-equipment, for new lighting, and for new sanitary-conveniences of a modern type, in schools already in operation where the average population of the municipalities within or partly within the high- or continuation-school district, whether or not only part of any municipality is included in the district, is under 3000, and
- (e) the total disbursements made by a board from its current funds in the preceding year, except as set forth under regulation 25, in respect of
 - (i) the fee paid for membership in the Ontario School Trustees' Council and the fee paid for membership in one member association of the Ontario School Trustees' Council,
 - (ii) capital outlays from current funds exclusive of expenditures for text-books, for school sites, for improvement of school sites, and for items under sub-clauses ii, iii, and iv of clause d, but not exceeding an amount computed by multiplying \$5 by the average daily attendance, and

- (iii) restoration of insured school-property destroyed or damaged, but not exceeding an amount equal to the insurance proceeds received in respect thereof,

less current-fund receipts as follows:

- (f) amounts transferred to current funds from capital funds,
- (g) insurance proceeds,
- (h) proceeds from the sale of school buildings and equipment, and
- (i) refunds and reimbursements connected with disbursements previously included in recognized cost.

(2) In this Part "recognized extraordinary expenditure per pupil" for a board operating a high or a continuation school means the quotient obtained by dividing the sum of the amounts recognized for grant purposes for debenture payments, for capital outlays from current funds, and for transportation by the average daily attendance of all pupils that attended the continuation school or high school or schools operated by the board during the preceding year.

(3) In this Part "recognized cost" means for vocational schools, but subject to subregulation 6,

- (a) the portion approved by the Minister for grant purposes of the payment, or of the amount set aside for payment, by a municipal council on behalf of a board in the current year on principal and interest due in that year on debentures other than those issued in respect of buildings, additions to buildings or equipment upon which a grant is provided by subregulation 5 of regulation 22,
- (b) the portion of the disbursement approved by the Minister for grant purposes made by a board from its current funds in the preceding year, except as set forth under regulation 25, in respect of capital outlays for new buildings, for additions to buildings, and for equipment for new class-rooms, and
- (c) restoration of insured school-property destroyed or damaged, but not exceeding an amount equal to the insurance proceeds received in respect thereof,

less current-fund receipts as follows:

- (d) amounts transferred to current funds from capital funds,
- (e) insurance proceeds,
- (f) proceeds from the sale of school buildings and equipment, and
- (g) refunds and reimbursements connected with disbursements previously included in recognized cost.

(4) In this Part "recognized extraordinary expenditure per pupil" for a board operating a vocational school means the quotient obtained by dividing the sum of the amounts recognized for grant purposes for debenture payments and for capital outlays from current funds by the average daily attendance of all pupils that attended the vocational school or schools operated by the board during the preceding year.

- (5) In this Part

(a) "assessment" means

- (i) the assessment of all property, including any business assessment, rateable for school purposes in each municipality within or partly within the high- or continuation-school district, whether or not only part of any municipality is included in the district, as shown on the assessment roll on which taxes were levied for the preceding year, adjusted by the provincial equalizing factor; and
- (ii) where moneys are received by the board under section 33 of *The Assessment Act* or clause b of regulation 4 of Ontario Regulations 197/52, the assessment as set forth in sub-clause i, together with an amount equivalent to that which, if levied upon at the rate of real-property taxation on the rate-payers of the high- or continuation-school district for school purposes, would result in taxes equal to the moneys so received by the board, adjusted by the provincial equalizing factor,

(b) "population" means the total population of each municipality within or partly within the high- or continuation-school district, whether or not only part of the municipality is included in the district, as shown by the assessment rolls on which taxes for the preceding year were levied, less the number of inmates of public institutions; and

(c) "assessment per capita" means the quotient obtained by dividing the number representing the total assessment of the municipalities within or partly within the high- or continuation-school district by the number representing the total population of the municipalities, but where the assessment per capita to be used for a board in the calculation of the grant under these Regulations is more than 160 per cent of the assessment per capita used for that board in the preceding year, the assessment per capita of that board means 160 per cent of the latter, and where there is no assessment for school purposes, the assessment per capita shall be deemed to be \$2600.

(6) Except where grants are payable under subregulation 5 of regulation 22, debenture charges and capital outlays from current funds shall form part of the recognized cost only in the proportion that the average daily attendance of all pupils attending the schools under the jurisdiction of a board, exclusive of the average daily attendance of pupils whose fees are payable by another board, bears to the total average daily attendance in those schools.

AVERAGE DAILY ATTENDANCE

19.(1) Subject to subregulation 2, "average daily attendance" for a board for the purpose of determining the grant in respect of average daily attendance provided in regulations 21 and 22, means average daily attendance of pupils in the school or schools operated by the board in the preceding year, exclusive of the average daily attendance of pupils whose fees are payable by another board but inclusive of any additional average daily attendance to which the board is entitled under regulation 20.

(2) For the purposes of subregulation 1, the average daily attendance of a high or continuation school shall be not less than the figure computed by subtracting the average daily attendance of pupils whose fees are payable by another board and who attended the school from 20, or in the case of a school on an island or in a territorial district, from 40.

20.(1) Where the board operates one or more departments of agriculture, the average daily attendance, as provided in regulation 19, shall be increased for each department by the number set forth in Column 2 in accordance with the average daily attendance of all pupils attending the school in the preceding year set opposite thereto in Column 1 as follows:

COLUMN 1	COLUMN 2
Average daily attendance of school	Number to be added
Under 100	10
100 but under 200	15
200 but under 300	20
300 or more	25

(2) Where the board operates one or more industrial-arts or home-economics class-rooms in a high or continuation school, the average daily attendance, as provided in regulation 19, shall be increased for each of those class-rooms by the number set forth in Column 2 in accordance with the average daily attendance of all pupils attending the school in the preceding year set opposite thereto in Column 1 as follows:

COLUMN 1	COLUMN 2
Average daily attendance of school	Number to be added
Under 50	1
50 but under 100	2
100 but under 200	3
200 but under 300	4
300 or more	5

(3) Where the pupils of 2 or more schools operated by a board receive instruction in industrial arts or home economics in one school operated by that board, the average daily attendance of those schools shall be added together for the purpose of subregulation 2.

(4) Where the board operates one or more home-instruction units, the average daily attendance, as provided in regulation 19, shall be increased for each of those units by 2.

(5) Where a department, class-room, or unit was in operation for only one term in the preceding year, the average daily attendance shall be increased by one-half of the number calculated under subregulations 1, 2, and 4, respectively.
